BADGE 1/31/07 BLOOD DRIVE RESULTS

TO ALL BADGE EMPLOYEES: On behalf of management and the local Red Cross, thank you for your participation in Wednesday's blood drive. Although Red Cross did not set any goals, their expectations were far exceeded by the response from our neighboring businesses, walk-ins, as well as yours. This is greatly appreciated. There are already tentative plans for an August drive with Red Cross providing hamburgers and hotdogs! We'll keep you posted as details firm up.

The American Red Cross, a non-profit organization, provides our country with approximately 50% of nation's blood supply. Of high demand with hospitals is the much needed "Double Red Cell" (DRC or "2 Reds") donations. Hospitals use this supply within days. Males weighing over 150 lbs. and over 5' 1" in height and females weighing over 175 lbs. and over 5' 5" in height are able to donate this way.

Below summarizes results:

PRESENTING DONORS:	28
1st TIME DONORS:	21
8 DRC DONORS (units):	16 units
19 WHOLE BLOOD DONORS (units):	19 units
TOTAL BLOOD (units):	35 units
